

**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE**

Inventor(s):	Alistair Kenneth Clement Scott	Group Art Unit: 2416
Serial No.:	10/792,099	Examiner: Hanh N. Nguyen
Filed:	March 3, 2004	Date of Interview: June 9, 2009
Atty Docket:	10031368-01	Type Of Interview: Telephonic
		Name Of Participant: Michael Tempel
Title:	System And Method For Correlation Of Dissimilar Telecommunication Signaling Protocols	

**STATEMENT OF SUBSTANCE OF INTERVIEW**

Commissioner for Patents  
P. O. 1450  
Alexandria, VA 22313-1450

Sir:

This is in response to a Notice of Allowability dated 17 June 2009 wherein the Examiner requested that Applicant provide written record of the substance of an interview between the Examiner and Applicant's attorney, Michael Tempel (Reg. No. 41,344).

The interview was via telephonic discussion between Michael Tempel and the Examiner on 06 June 2009.

There were no exhibits or demonstrations.

Claim 20 was discussed.

The dependency of claim 20 was changed from claim 19 to claim 18. (Claim 19 was no longer pending).

No prior art was discussed. No other pertinent matters were discussed.

The outcome of the interview was agreement to amend the claim 20 to depend not from claim 19, but from claim 18, as stated in the Examiner's PTO form 413, included in the above-referenced Notice of Allowability. This amendment placed the application in condition for allowance.

Respectfully submitted,

Alistair Kenneth Clement Scott
